

SAMPLE - Reporting CEUs for license renewal

NORTH CAROLINA STATE

Hearing Aid Dealers and Fitters Board

Practitioner CEU Summary Lookup

Renewal Requirements

Minimum of 0.50 CEUs in Category 1

Minimum of 1.00 Combined CEU Total for Categories 1 and 2

License No. 1741
 Last Name Bell
 First Name Alexander G

Program ID	Category1	Category2	RenewYear
10-8403	0.30	0.00	2011
10-0110	0.70	0.30	2010
08-7310	0.30	0.00	2009
07-0110	0.60	0.10	2009

NOTE: This page needs to be printed and submitted with your license renewal application. Only courses with a "RenewYear" of "2011" will count toward license renewal. Extra credits do not carry over from previous years.

In this example, Alex Bell has completed 0.30 Category 1 CEUs and 0.00 Category 2 CEUs for the 2011 renewal period, as shown on his Summary page. He needs at least 0.20 Category 1 CEU credits from the 0.70 CEUs that remain outstanding and must be completed to renew his license.

He is submitting a Self-Study Report of Program Attendance for his online course work. 0.50 CEUs on his report are Category 2 and 0.20 CEUs are Category 1. This satisfies the requirement of having a total of at least 0.50 CEUs in Category 1. It also meets the requirement of 1.00 CEUs to renew his license.

He must submit three items to report the online continuing education (All parts are required):

1. A check for \$15.00
2. The completed Report of Program Attendance
3. A printed TRANSCRIPT from Audiology Online

***please note the sample on the last page of what type of verification report is not acceptable when submitting online hours. If you send this instead of a transcript, you will not have a "duly made application" and you will receive a Notice of Deficiency.*
